To: Jennifer Larsen <JenniferLarsen@Knights.ucf.edu>; DL CHARTS SUPPORT <Charts@flhealth.gov>

Hi Jennifer,

You are correct, the COVID-19 deaths are still stored in that same category. We are awaiting guidance from the National Center for Health Statistics on how these will be broken up in the future.

Thanks!

CHARTS Team

COMMENTS: Hi Charts team!

COVID-19 deaths are currently still stored in "113 Causes of DeathEQUAL-TOOther AND Unspecified Infectious/Parasitic Disease AND Sequelae", correct?

How will you guys know what deaths were actually from COVID and which were from true "Other AND Unspecified Infectious/Parasitic Disease AND Sequelae"? I just realized what a pain that will be to figure out.

Keep up the fantastic work! And also have a wonderful holiday/Christmas/Hanukkah/Eid! 2021 cannot get here fast enough!

Jen
